Dear Dr. Eisenberg:

The Editorial/Grants Department provides copies of guidelines and application kits to investigators performing biomedical research at The Wistar Institute. We are in the process of compiling a data base that would include information on due dates, specific eligibility requirements and funding amounts.

While we realize that the current year brochure and forms may not be available at this time, I am writing to request 1993-1994 information for Research Grants sponsored by The Council for Tobacco Research.

Thank you.

Sincerely,

Mary Anne Crowley
Grants Coordinator
Editorial/Grants Dept.
